Celebrating VVCC

The Greater Cottonwood Chamber of Commerce joined with members of the **Verde Village Community Connection** for a grand re-opening on June 30th. Thanks to all the neighbors who came out for the ribbon cutting, to swim in the pool, to the Luau, and to meet their neighbors!

The highlight for me is that I met a new neighbor who only moved in 1 month ago. He & his family became members without hesitation. He told me about how he likes to serve the special needs community and has a history of hosting special Olympic-like events and I shared with him organizations that he might want to connect with.

All but 30 minutes later, a representative for another non-profit serving special-needs people walked in and we had a similar conversation. I was able to introduce them to each other and they scheduled a meeting for further discussion. If that's not "neighbors connecting neighbors" then I'm not sure what is! - Sarah W
